Mayoral Candidates To Hear Questions From Young Students *Students to Develop Questions for October 30th Mayoral Candidate Forum*

San Diego, October 8, 2013 – San Diego's Mayoral candidates will face tough questions from local students at the Mayoral Community Forum on Education scheduled for October 30, 2013 at 5:30 pm at Roosevelt Middle School. The questions for the forum will be chosen from questions submitted by student members of the Cesar Chavez Service Clubs (Chavez Club), a youth leadership program taught at 17 local schools.

Beginning this week, Chavez Club members, called "Chavistas", will be asked to develop questions for the candidates that will be considered for this unique mayoral forum. Chavez Club coordinators will be asking students to submit a "Youth Leadership Question" or a "YLO" to the Mayoral candidates. By October 18, the Club will create the "*Youth Leaderships Top 10 Questions for Our Future Mayor*" list that will be used at the October 30 Community Forum on Education with the candidates.

"Our young Chavistas will be San Diego's future leaders," said Carlos LeGerrette, a Club Founder. "The young people of our city deserve the opportunity to ask their questions of those who want to be Mayor and to hear their answers about how they will support public education that will prepare all young students to become future leaders."

There are 38 different Chavez Clubs located in 17 local schools with more than 900 student members. The YLO's selected from these students will be posed to the mayoral candidates by a panel of 5 students as representatives of all young students from elementary to community college level. Students will be asked to submit their YLO's about public education for response from the mayoral candidates.

For more information about the October 30 forum visit the Forum Event Page at:

About The Cesar Chavez Service Clubs

Since 2001, the Chavez Clubs have been an exciting and innovative leadership development club active in local schools. The Clubs are built on the ten values of Cesar Chavez and are designed to engage Club members in community service activities. By organizing student service clubs, teaching the ten values the Cesar Chavez embodied and carrying out community service projects, the Clubs inspire students to believe in themselves and to know they can make a difference.
