Turn Around America's Economy • Rebuild the Middle Class

With the EMPLOYEE FREE CHOICE ACT

No matter how strong an economic stimulus plan we enact, it will not result in broadly shared, lasting prosperity unless we also restore workers' freedom to join unions and bargain with their employers for a better life.

That's why we need the Employee Free Choice Act — to turn around America's economy and rebuild the middle class.

Our new president, Barack Obama, has said he will sign the Employee Free Choice Act once it lands on his desk. Now we need to get it there.

URGE HER TO CO-SPONSOR AND SUPPORT THE EMPLOYEE FREE CHOICE ACT

Use your own words, but here are some sample messages to think about for your call:

- Please co-sponsor and vote for the Employee Free Choice Act. In these perilous economic times, we must restore workers' freedom to bargain with their employers for secure jobs, health care and retirement benefits and fair pay. It's time to rebuild the middle class and help struggling working families.
- Working families are struggling in today's economy. With our broken labor laws, working people are powerless to bargain for better health care, retirement and fair pay. CEOs wouldn't work a day without a contract to protect their soaring pay and golden parachutes—but they do all they can to keep

their workers from bargaining and getting contracts. Workers need the Employee Free Choice Act to level the playing field.

- We need the Employee Free Choice Act because the current system for forming unions and bargaining is broken beyond repair. Corporations routinely harass, intimidate, coerce and fire workers just because they want the freedom to bargain for a better life—and even if companies get caught, they get little more than a slap on the wrist. This must be changed by enacting the Employee Free Choice Act.
